The Doctor is In!

After honoring the shelter-in-place mandate by keeping our office closed since March, we are very happy to announce that we have re-opened our doors to those in need of our dermatology services. We have put into motion a very thorough protocol to protect our patients and staff from the spread of COVID-19, including adherence to the safety guidelines recommended by the Centers for Disease Control plus additional measures to limit risk. We have created a clean, safe place that you can visit with peace of mind.

Also, we are still providing electronic consultations and medication renewals via our secure office email (see below).

Our hearts go out to all who have so far been affected by this virus and deadly illness, and to our local and global communities who continue to face the uncertainties ahead.

Office hours have been restored to: 8:30am - 5pm, Monday through Friday.

Our community is strong and we will weather this storm. Aloha.
